

Oceans from the Rain

And I'm amazed by You. Cause You're never far away
And all that I've been through, Your love has never changed.

You make oceans from the rain
Breathing life into this place
And I will drown inside your love
Until I see Your perfect face

And nothing I've acquired means anything at all
Cause You're everything I needed. You're so much more than
I deserve

And I thank you Lord
And I thank you Lord (Repeat)

The blood of Jesus can wash your pain away.

Oceans from the Rain

**You make oceans from the rain
Breathing life into this place
And I will drown inside your love
Until I see Your perfect face**

Oceans from the Rain

**And nothing I've acquired means
anything at all**

**Cause You're everything I needed.
You're so much more than**

I deserve

Oceans from the Rain

**You make oceans from the rain
Breathing life into this place
And I will drown inside your love
Until I see Your perfect face**

Oceans from the Rain

And I thank you Lord

And I thank you Lord (Repeat)

Oceans from the Rain

**You make oceans from the rain
Breathing life into this place
And I will drown inside your love
Until I see Your perfect face**

Oceans from the Rain

You make oceans from the rain

(Wash it all away)

You make oceans from the rain

(Wash it all away)

You make oceans from the rain

(Wash it all away)

**The blood of Jesus can wash your pain
away.**
